Beef Cattle Production Payments To Comanche County Feeders Due; County AAA Head Explains Program

By E. L. Pierson, Administrative Officer Comanche County AAA

Cattle feeders in Comanche County can now apply to the County AAA office for beef cattle production payments under the Government's new program to increase the production of meat.

Feeders are encouraged to feed more cattle, including those he purchases and those he raises, to good and choice grades under the new program. The method of payment is similar to the dairy payment program also handled through the County AAA office, according to County AAA Chairman A. E. Boyd.

The beef cattle production payment amounts to 50 cents per hundredweight on Good or Choice cattle weighing 800 pounds or more and selling for at least the minimum stabilization price, which for sales in this county is 13.50 or 13.60 in Ft. Worth.

This is the first meat production payment made directly to livestock feeders. The program is designed to help hold the line against inflation by preventing sharp increases in retail prices which might lead to uncontrolled increases in wages and other economic factors.

The beef cattle production payment is available to all feeders, including slaughterers who also are feeders, provided their cattle meet the program requirements.

To be eligible a feeder must certify on his application (1) that he owned the cattle at least 30 days before their sale, (2) that the cattle weighed at least 800 pounds when sold, (3) that the cattle brought not less than the minimum price for good grade, and (4) that the cattle were sold for slaughter to an authorized slaughterer.

An authorized slaughterer is any slaughterer who operates under Federal inspection or under an OPA permit at the time he slaughters the feeder cattle on which the payment have been made.

A feeder-slaughterer is eligible to receive payment provided payment has not previously been made on his cattle. He may also receive payment on cattle he raises provided they are eligible under the program. To collect payment he must substantiate the date of purchase, the price he paid, and the weight at the time of purchase. He must also certify the grade and weight of the carcass after slaughtered to further determine the eligibility of the cattle. A feeder other than a feeder-slaughterer must present sales receipts, invoices, scales tickets, or other written evidence from the buyer to verify (1) date of sale, (2) the name of the buyer, (3) the point of sale, (4) the number of head, (5) the total liveweight, (6) the price received, and (7) the name of the legal authorized slaughterer to whom sold.

In addition the feeder, if he did not raise the cattle, must show status of the cattle at the time he purchased them by furnishing the name of the person from whom purchased, and the date of the purchase. The feeder may also be required to furnish evidence that the payment has not been made previously on these cattle.

Payments will be made from funds of the Commodity Credit Corporation of which \$40,000,000 has been authorized.

Work Underway Here On New Peanut Plant

Work got underway last week on the construction of a new peanut plant, The Texas Peanut Company, in Comanche. The new plant is to be located just north of the Santa Fe railroad tracks, and directly south of Brightman's Warehouse.

This modern peanut shelling plant will be of tile and concrete construction. The main building of the firm will be 44x70 feet, and will be three stories high. A separate storage warehouse is being built in connection with a capacity of 1100 tons of bulk storage.

"The plant will have a shelling capacity of 50 tons a day," says Dick Weekes of the Texas Peanut Company, "and we hope to have the most modern peanut plant in the Southwest."

Work is being pushed on the new Comanche business, and officials of the firm say that they hope to be open and receiving peanuts by the time the Comanche County peanut crop hits the market.

"Before locating our new plant in Comanche, we looked over towns throughout the peanut belt," says Mr. Weekes. "And decided that a plant in Comanche offered more advantages than any other location."

HOFFMAN'S STAGING CLEARANCE SALE

Hoffman's Dept. Store is holding a summer clearance sale Friday, Saturday, Monday and Tuesday. Further details are in the ad on another page.

Revival Closes With 42 Additions

The revival conducted for two weeks at the local First Methodist Church under the leadership of Rev. G. P. Comer, pastor of the First Methodist Church at Waco, closed Sunday night with the biggest attendance of the meeting. Every available seat was taken and many stood at the entrance of the church for two hours to hear what they could of the final services.

Announced as a revival under the auspices of the First Methodist Church, it was really a union meeting between the Methodists and Baptists with the Baptists furnishing approximately half the congregation.

There were 42 additions to the churches during the revival, 22 coming into the Methodist Church and 20 to the Baptist.

A total of \$1752.72 was raised during the revival and expended as follows: \$1338.12 to Rev. Comer; \$100 to Mrs. Nan Frazier, organist; \$200 to World's Service of the Methodist Church, and \$114.60 for incidental expenses.

Rev. Comer, a crusader, made a fight against dancing and card playing and obtained pledges from about one hundred persons that they would not dance, and from about the same number that they would not play cards—even including rummy.

The evangelist also received pledges from about 75 persons that they would tithe (give one-tenth of their income to the church and charity); and pledges from about fifty that they would establish a family altar in their homes, and from about 80 that they would attend prayer meeting services on Wednesday nights.

A contest between the Methodists and Baptists to see who would have the most at Sunday School Sunday resulted in 301 for the Baptists and 226 for the Methodists. The attendance the first Sunday was 193 for the Methodists and 205 for the Baptists.

Canning Sugar Cut Explained

By Peggie Hope, Acting Chief Clerk, Comanche County OPA

The following excerpt from a telegram received by the local War Price & Rationing Board from Washington through the Fort Worth District OPA will help to explain the reason for halting issuance of canning sugar and the present cut in allowance per person:

"Drastic revision of home canning sugar program by National Office requires balance of our quota (for the year) to be issued on a monthly basis. . . . Your quota for balance of June is 7500 pounds. Present indications are that an average of not more than five pounds per person must be maintained if all the remaining persons in your county are to receive any sugar at all. There is to be no deviation from the above."

The orders are quite clear, and the local canning sugar panel finds it has no alternative other than to issue the required five pounds per person until everyone has received some sugar. If enough remains in our quotas after every applicant received five pounds, then the panel will re-process the applications and issued five more pounds per person as long as our quota holds out. This second issuance, which will be to only those who received five, however, cannot be guaranteed.

Every consumer knows by now that there is a definite shortage of sugar—not in Comanche County alone, but throughout the whole country. Ours is not the only county to receive the cut in issuance; it applies to every county in the United States.

Do not go to the local War Price & Rationing Board to ask for more sugar. There can be no more for anyone in this county until the national supply is increased. If you will not do any canning, please return your coupons to the board so they may be reissued to another person who needs them.

Rat Poisoning Campaign To Be Conducted Here

Under sponsorship of the business firms of Comanche, a rat poisoning campaign conducted by the State Fish and Wildlife Commission, with district headquarters in Brownwood, will be launched in Comanche within the next few days.

John D. Waring, Jr., president of the local Chamber of Commerce, and Ira Clemons, who is a director in the organization, are making a drive for funds this week to put on the campaign. "Up to Wednesday afternoon, every firm solicited made a donation," says Mr. Waring.

"Five cases of typhus fever have been reported in Comanche during the last two months, and the need for a rat killing campaign is urgent now," say local physicians.

Under the plan submitted by the Wildlife Commission, every business on the Comanche square and as far south as the peanut plant and cheese plant, and north as far as the creamery, will figure in the rat killing drive.

The plan calls for a campaign on an annual basis, and five separate campaigns will be conducted.

Comanche Sailor on Leave S2/c Lawrence Craig Barrett, who has been with the Pacific Fleet for the past thirty months, is home on leave visiting his parents, Rev. and Mrs. Gordon Barrett, of Comanche. S2/c Barrett, just in from the Philippines, received a 30-day leave before entering the Naval amphibious forces. He has been on a gun crew, aboard a Liberty ship.

Major David O. J. Evans, accompanied by a six-piece Puerto Rican String Band from Camp Bowie, will be here Friday night at 8:30, for a county-wide bond rally.

Major Evans, who is recognized as one of the leading bond rally speakers in the nation, has been credited with much of the success in putting over several counties of this region.

He was here recently, along with a military band from Camp Bowie for an afternoon rally, and while here sold more than \$90,000 worth of bonds. "This was one of the best rallies ever held in Comanche, and Major Evans made one of the most inspiring patriotic addresses ever heard here," says Roland Miller, County War Finance Chairman.

County \$43,394 Short

Comanche County was still \$43,394 short of its "E" bond quota on the Seventh War Loan Drive last Saturday, June 23, according to a report received this week from Clarence Hendricks, chairman of the Fort Worth Region.

"Thirty-one of the 58 counties in the district have not yet reached their quotas on 'E' bonds," says Mr. Hendricks. "Comanche County has met everyone of its goals for the first six war loans, and surely hope that you can go over the top at your rally with Major Evans Friday night," he concluded.

Drive Closes Saturday

"The Seventh War Loan Drive officially closes Saturday night, and by buying \$50,000 in bonds in the county, we will safely be over the top," explains Chairman Miller.

All community chairmen, as well as the entire citizenship of the county is urged to attend the rally here. "Communities will be credited with the purchases by buying their bonds here, just as if bought in their respective communities," continues the County War Finance Chairman.

Musical Program

The Puerto Ricans from Camp Bowie will present a varied and entertaining program at the rally here.

Comanche County veterans, who have been wounded, and some who have recently been in German prison camps, as well as other Comanche Countians who have just returned from the Pacific, will be on the program, and will help to take pledges for bonds.

"We need some of the large bond buyers at the rally, and hope just as many as find it possible will come and buy bonds," says County Chairman Miller, "but too, we are counting on selling many of the small bond denominations at this all-important rally here tonight."

Revival Meeting To Be Held At Blanket Methodist Church

A revival meeting will be held at the Blanket Methodist Church starting Sunday morning, July 8.

With Comanche County making a bumper plum crop, not to mention any other fruit, many orchard owners are unable to sell their fruit due to lack of sugar.

Good big, fine, juicy plums were being offered here Saturday at 50c a bushel with no takers.

The general excuse offered by those who were asked to buy was, "We do not have any sugar to make any jelly." What is better than plum jelly?

While housewives are going without sugar to put up their fruit the brewers are getting plenty of sugar to make their beer, says the Scurry County Times published at Snyder which last week carried the following timely editorial:

Beer and Sugar
According to the Temperance Bulletin, the total number of pounds of grain, sugar and syrup used during 1944 for the making of beer alone was 3,707,669,236. These figures are so big we are staggered by them.

The beer barons have been allowed special privileges while Mr. Average Citizen must get along the best way he can, with constantly reducing supplies of sugar. People are getting sick and tired of it.

William E. Hull of LaRue, Texas, had this protest in The Dallas News recently: "Dallas bread, cake, soft drink, ice cream and candy producers faced a threatened cut of 25 per cent in sugar that in turn may bring a sharp reduction in these civilian foods."

"The housewife had already taken a sharp reduction in sugar for canning purposes."

"Everyone is glad to share with the men in service and starving people in war-torn lands but when we think of the many tons of sugar going into the manufacture of beer and other intoxicants every day, while the real needs of the home are going unmet and while children are being denied wholesome foods they are so much in need of, we find real grounds for complaint."

"If the OPA wants cooperation for maximum production, let it first remove the cause of waste."

There are now two definite political schools of thought in Texas—the left wing and the right wing, or the Progressives and the Conservatives.

As a matter of fact, there have been two schools of thought in Texas most of the time for the last 40 years.

The first we can remember of it was the Hogg and the Clark factions; later it was the Free Silver and the Gold Standard.

Finally one faction broke away from the Democrats and established the Populist party. But when the Democrats stole most of the planks in the Populist platform, the two were united again. Next the Baileys and the Anti-Baileys followed by the Fergusons and the Anti-Fergusons.

Next it was O'Daniel and his followers vs. the Conservatives.

More than five times as many Navy men have been killed in action during the present war than in all previous wars of the United States combined.

The total number of men killed in the U.S. Navy from the American Revolution through World War I were 4232.

In World War II a total of 22,481 men in the Navy alone have been killed. This does not include men killed in the Coast Guard or Marine Corps.

Only 18 men died in naval action during the Spanish-American War not counting the 259 killed on the USS Maine which was sunk just before the outbreak of the war.

Reunion Held At The Mart Sherills

(By Family Reporter)

A family reunion was held at the home of Mr. and Mrs. Mart Sherill last week-end. Those present were Mr. and Mrs. Bill Chandler and sons, Billy Sherill and Darrell Gene of Oklahoma City; Mr. and Mrs. Bud Sherill and children, Anna Lu Tayne and Kenneth Mart of Houston, and Mr. and Mrs. Marvin Ray and daughter, Sherry Lynn of Coleman.

All children were present with the exception of Mr. and Mrs. Carl Sherill and son, Monte. They were visitors here earlier in the week.

Mrs. Linda Harris of Lockhart and daughter, Betty, of Trinidad, Colorado; Mr. and Mrs. J. W. Austin of Childress; Mrs. Minnie Lanford of Blanket, and Sam Switzer of Comanche visited their sister, Mrs. Mart Sherill. Also, Mrs. Bud Sherill's parents, Mr. and Mrs. Will McKelvey of Houston were visitors here last week.

During the boys went on a squirrel hunt. After getting to the creek, Mart and Bill went together. Mart shot the squirrels and Bill picked them up. It seems Mart has a pretty good eye as he shot every squirrel in the head.

Bud, Marvin and Billy teamed up. Bud carried the gun, and after considerable length of time, Marvin spotted a squirrel, and yelled at Bud: "Fire at will." Bud looked up and hollered back, "Where's Will," and let the squirrel get away. (Evidently Bud has lost his rabbit's foot, as he didn't get a squirrel on the entire hunt.)

Mr. and Mrs. C. E. Anderson of Midland and son, Vernon E. Anderson of McDill Field, Florida, visited here with week with Mr. and Mrs. Clyde Bonser. Mrs. Anderson is the sister of Mrs. Bonser.

Mr. and Mrs. J. B. Brewster of Mount Pleasant visited Mr. and Mrs. D. E. Willis here last week.

Indian Creek

Mr. and Mrs. Perry McGlothlin and son have moved back here from Orange Grove, California. Mr. McGlothlin is preparing to enter the armed forces and his family will reside here.

Gene White, U.S. Coast Guard, has returned to his station in Maryland, after visiting here with his parents, Mr. and Mrs. Bill White.

Mr. and Mrs. Starling and daughter, Mr. and Mrs. Lester McNutt and daughter and Gerald and Hackie Langley attended singing at Gartman's View Sunday night.

A big crowd attended the funeral of Conrad Barcroft, who was buried in Indian Creek Cemetery.

About 550 species of native grasses are found in Texas, which is approximately one half the whole number of species found in the United States.

Beattie Sailor With Fleet In Okinawa Invasion

ABOARD A DESTROYER-MINESWEEPER IN THE PACIFIC—Martin L. Emert, gunner's mate, third class, of Beattie, Rt. 2, Comanche, helped take this ship into the waters off Okinawa eight days before the invasion, to sweep a path for the rest of the fleet.

The Okinawa operation followed action in the Atlantic, in which this ship supported the landings at Sicily, Southern France and Normandy.

When her mine-sweeping work at Okinawa had been completed, she went on regular destroyer duty. She was on patrol in April when attacked by five Jap suicide planes, coming in from all angles. All were shot down.

Before being converted to a minesweeper, this ship was part of the destroyer fleet which supported the European landings. At Sicily, she was straddled by shells from German shore guns and bombs from Nazi planes, but she succeeded in knocking out a number of enemy tanks and broke up a counterattack against American troops at Gela.

At Normandy she again was close to shore, within range of German guns, which splashed shells all around her, but never touched the ship. In this operation, her own 5-inch guns smothered a road junction, enabling American troops to take an air field.

Later, she gave fire support to the landings in Southern France. Emert, who serves as a repairman during action, took part in the invasions of Sicily, Normandy and Southern France.

County Chapter For Infantile Paralysis In Reorganization Meet

At a reorganization meeting, held here Tuesday afternoon, the Comanche County Chapter, National Foundation For Infantile Paralysis laid the framework for a wider program to be carried out during the next year.

Attending the meeting was Mrs. Harriet P. Pittman, Dallas, Texas representative of The National Foundation For Infantile Paralysis, who offered suggestions for carrying on the work here. Also taking a part in the local meeting was Wilmer Sims, Abilene, Taylor County Chapter chairman.

In re-organizing, officers named to the executive committee are: Bob Carpenter, Comanche, chairman; F. Karl Shock, Comanche, vice-chairman; Mrs. Ivah Pittman, De Leon, secretary; Por-

ter B. Franks, Comanche, treasurer, and Mrs. Porter B. Franks, Comanche, fifth member.

In reporting finances for the past year, records reveal that the local chapter raised more than \$500 the past year for the fight against infantile paralysis.

"There is again on the increase in Texas," said Mrs. Harriet Pittman, "and Comanche County may be called upon to assist other sections in caring for victims if the disease continues to spread."

Likewise, through The National Foundation For Infantile Paralysis, Comanche County can expect assistance if an outbreak of infantile should occur here, Mrs. Pittman continued.

Mr. and Mrs. O. O. Brightman and Miss Hattie have returned from a two weeks vacation on the coast.

Mrs. Larry Shankle and daughter, Carolyn June, of Mt. Pleasant have been visiting Mr. and Mrs. Leo Shankle.

Private Leach Visiting Here

Pvt. Clifford A. Leach, who is receiving treatment at McCloskey General Hospital, Temple, for serious wounds suffered in action with the 70th Division in France, was home on furlough last week, visiting his parents, Mr. and Mrs. Pete J. Leach, Comanche.

Although wounded three separate times, Pvt. Leach's Purple Heart carries no cluster, as all injuries were inflicted at intervals during one hour. In action five days, he, with four others, volunteered to carry a seriously wounded comrade to the first aid station during the night. Returning, he was unable to locate his company, so dug in with another. After daylight he made it back to Company K just in time to march up front on a counter push.

"A few minutes more delay and life might have been different," he says. The other company was held in reserve. An assistant BAR gunner on an "Able" team, he received a slight wound in the right leg. Within 20 minutes he was hit in the left shoulder. Still fighting, he began to retreat with his company which had been called back. In 20 minutes more he was out with shell fragment wounds in the back, both legs and the left arm.

A number of captured German medics rendered him and others first aid, but his unit was forced to continue retreating, and he lay 24 hours under fire, and paralyzed from the back wounds. Both hands froze before the stretchers reached him.

And also for the beautiful songs rendered by the quartette. We hope each of you will take this as a personal message of sincere appreciation, for every act of kindness extended to us. May God bless each of you for the comfort you have given us.—Her Children and Grandchildren.

A Century Plant is in full bloom in the yard of Mr. and Mrs. H. F. Stephens, who live 7 miles west of Sidney on the May road. "The plant, which is about twenty-five feet tall, has twenty-two full blooms, and is causing much comment in our community," says Mr. Stephens.

"This is my first experience with a Century Plant," continues Mr. Stephens, who dismisses the fact that these plants only bloom every 100 years, because he says that his wife planted this as seedling twelve years ago.

The plant, which will bloom until fall, will die as soon as the last bloom dies.

Back in 1776, people of America fought for freedom . . . they won it hands down. In 1865 they gained freedom of another kind.

And now in 1945, freedom stands on the threshold again . . . freedom for the oppressed. Our fighting men are GIVING their lives for it on the battle fields.

Firecrackers and rockets are out when we celebrate our independence next Wednesday, but why not celebrate this 4th by buying an extra bond. Uncle Sam is selling material for bigger explosions than you've ever seen.

"Unkle Hank" To Advise Citizens

The "Home Town Philosopher" is a noted "All American" character. Every village and town, and every neighborhood in the larger cities, has its familiar philosophizing citizen, to whom "us moderns" eagerly go for tales for the "good old days," and of whom we seek knowledge and advice regarding our present day activities.

Our "Home Town Philosopher" gains his knowledge of the world and its affairs through actual experience. Who, among us can deny the truth of the old maxim: "Experience is the best teacher?"

In this issue of The Chief, Comanche will have its own philanthropic philosopher! His name is "Unkle Hank," as typical an "old-timer" as you've ever seen or could possibly vision. "Unkle Hank" will be introduced to the citizens by Higginbotham Motor Company in the pages of this newspaper. In pictorial form he will emulate the noted philosophers of past and present. His advice and witty sayings will be words worthy of heeding; long to be remembered. Many will be the humorous observations, refreshing escape from this world's present trials, tribulations and confusions.

History's first known philosopher was Thales, or Miletus, 640-550 B.C. Among the names of other famous philosophers handed down to us throughout the ages are Democritus, Socrates, Plato, Aristotle, Epicures, Roger Bacon and Henry Bergson. All were as foreign and as far away from us as their names imply. The majority of these philosophers' names are as hard to pronounce as their philosophy is for most of us to understand. Hence for "down-to-earth," easily comprehensible logic, it is natural that we will turn to our beloved "Home Town Philosopher" . . . Unkle Hank.

Watch for his first appearance in this issue. Keep up with his philosophical weekly sayings hereafter.

Grasshopper Bait Being Distributed

By County Agent Richard Burleson

The mixing station for the distribution of grasshopper bait to farmers was opened Monday, June 25.

The station will remain open as long as there may be a need for it. Farmers wanting bait to poison grasshoppers should apply at the county agent's office and bring enough sacks to hold the amount of bait they want. It will require about 15-20 pounds of wet bait to cover an acre.

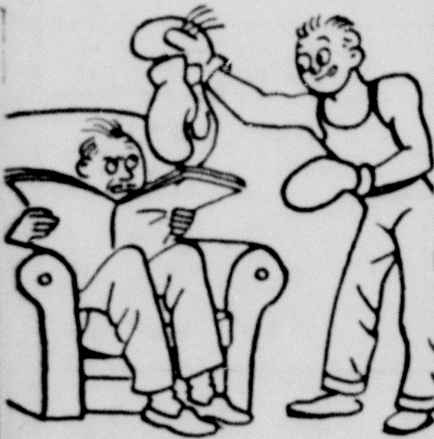

The poison and bran used in mixing the bait is furnished by the government in cooperation with the Commissioners' Court, but farmers must pay for the peanut hulls used. This will be a small cost per 100 pounds of bait.

Mrs. Bobbie Rollins is in the Blackwell Sanitarium in Gorman, with a case of typhus fever.

WHAT CHANGES A FEW YEARS CAN BRING!

A particularly important change — and one you may have overlooked — is that the replacement value of your home or business property may be considerably higher today than a few years ago.

This raises the very practical question: Have you increased the fire insurance on your property enough to fully protect yourself?

If you are in doubt, why not discuss the matter now with this agency. We can quickly tell you how to modernize your insurance — bring it up to date — lay out a plan for giving you real protection against the hazards which threaten your property investment.

Modern "fire insurance" is broader in scope than mere fire coverage. Our underwriting facilities are at your service.

BIBLE BRIEFS

In Christ—

"Except a man be born of water and of the Spirit, he cannot enter into the Kingdom of God."—John. 3:5.

"Therefore if any man be in Christ, he is a new creature; old things are passed away; behold, all things are become new."—II Cor. 5:17. Therefore born again.

How do we get into Christ? "For we are all the children of God by faith in Christ Jesus. For as many of us as have been baptized into Christ have put on Christ."—Gal. 3:26-27.

"Know ye not, that so many of us as were baptized into Jesus Christ were baptized into His death?"—Rom. 6:3.

"There is therefore now no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the Spirit."—Rom. 8:1.

Now read: "Blessed are the dead which die in the Lord from henceforth. See? 'In the Lord.'"—Frank Reeder.

BIBLE SCHOOL PICNIC AND PROGRAM HELD

(By Rev. Jesse Tiner, Teacher)

Sunday, June 17th, marked the close of the third six-months session of New Day Bible School, in the Victory Baptist Church.

The children and young people enjoyed a picnic and outing Friday, and the school closed with a very beautiful program Sunday afternoon.

The "New Day" plan of Bible teaching is the most systematic and effective way of teaching Bible ever yet known.

The closing session was a series of especially selected subject lessons. Each lesson closed with a "search question." The search question for Class 1 on June 17 was "From what class of people did (or does) Jesus hide Himself?" A direct Bible answer can be found for this, and all other questions given in the school.

Summers Writes From Germany

Following is a letter recently received by Mr. and Mrs. D. C. Summers, Comanche, from their son, Pvt. Thomas D. Summers, who is in Germany:

Germany
May 22, 1945

Dear Folks:
Well, I'll drop you a few more lines to let you know I'm doing fine, and am now back with my old company.

At last, I'm able to tell you where I am, and what I've seen, and been doing. Censorship has relaxed. I am now in the town of Ieverfust, a small town about 35 miles from the city of Halle.

Here's some of the things that happened since I left the states. Left Camp Shelby, Mississippi, on October 31, 1944 from Camp Kilmer, New Jersey by troop train and on that trip visited Washington, D. C. and Philadelphia, and saw some of the other big Eastern cities. Went to New York City three times, and enjoyed these trips a lot.

On November 16 we sailed. After being seasick for a few days, made it all right, and landed at Southampton, England on November 27, 1944.

From there we went to Winchester, England, where we stayed for two months. Next, I landed at LeHarve, France on January 22, 1945. Moved on through France and into Belgium. After staying in Belgium for a few days, we relieved the 99th Infantry Division on the front in Hallersath, Germany. That was a quiet sector, and we stayed there for about 15 days before starting the big push. It was there, that I went back to the hospital.

After leaving the hospital, I rejoined my outfit in Smitheim, Germany. They had been squeezed out of the line, and were not fighting then. Next we went to the west bank of the Rhine River, which we guarded. We were located about a mile south of Ramengan, the bridge that the First Army captured.

We passed through the cities of Limburg, Guissen, and Kassel. Our next job was to capture Munden, which was 12 miles from Kassel. That's the town where I got shot at so much. We next went back to the front lines, and there on the 9th of April, our division and the 9th Armored spearheaded an attack for the 5th Corps of the 1st Army.

We rode tanks every day, and had quite a bit of hard fighting in places, and went on to the outskirts of Leipzig—Germany's fifth largest city. We captured it, and next pushed on to Killburg, a city of about 20,000 people. We had a very hard time in capturing this, and lots of our buddies never lived to know that we finally took it.

There is hardly a house standing in the town now. We then moved south down the Mulde River to a place called Colditz. This is the town where the 271st Regiment linked with the Russians. We were there on May 9, 1945 when Germany fell.

That's at least the highlights

Pfc. R. L. Boynton Wounded in Belgium

Pfc. R. L. Boynton, son of Mr. and Mrs. I. E. Boynton of El Paso, was wounded in Belgium shortly before the Nazis surrendered according to a letter received by The Chief from his parents who stated that they had received their son's Purple Heart. According to a letter received by them from their son, he lost all his personal goods in Belgium before he was wounded. He was wounded when a shell hit in about ten feet of him. He recovered and was able to rejoin his army in time to take part in the invasion of Germany.

He said that he was in Germany with the 3rd Armored Division with the First Army at the time of the German surrender. Boynton attended Ysleta High School and graduated from El Paso Technical Institute. He is 23 years old and went overseas two years ago after serving a year in the States.

MISS KIRKLAND AND SGT. SEALS MARRY

Miss Lorena Kirkland, daughter of Mr. and Mrs. Frank Kirkland of Comanche, and Sgt. Gordon Seals were married Sunday night, June 3 in Comanche, at the home of her sister, Mrs. Jack Morgan. Rev. Gordon Barrett said the ceremony.

Sgt. Seals, whose parents live near Sidney, is stationed at the Pyote Army Air Base.

Mrs. T. V. Moore visited Mrs. M. B. Hardin at Board Church over the week-end.

In my part against the Nazis, maybe I'll get to tell you more some time soon.

Even though our division has only been over here a short time, and we were all battle green, we've made more history than any division that has fought on the Western Front, and I'm really proud to be a member of the "Fighting 96th".

Well, I'll close for now.
Love to all,
Thomas D.

Sgt. Carl Stewart Thanks People Of Sidney Community

Sgt. Carl H. Stewart, veteran of thirty months of duty in the Southwest Pacific, who lost his eyesight in the Philippine Invasion, has just been made recipient of a second gift of War Bonds. Having been presented with two bonds from the people of Comanche on June 2, he received the other gift from the people of the Sidney community. It is understood that the Sidney gift was to have been formally presented at the Annual Homecoming and Singing Convention at Sidney on Sunday, June 10. In expressing his regret that he was unable to attend the homecoming, Sgt. Stewart sends the following open letter to the Chief, hoping that all persons who made a contribution to the Sidney gift will read this and feel that they are individually receiving his personal thanks:

To the People of the Sidney Community:

There is nothing which compares with a soldier's return after months of fighting and separation. My personal "homecoming" has been made brighter by the warm welcome from my friends and relatives, and I accept with deepest gratitude the one \$100 Bond and the one \$50 Bond which I know you gave me to show that you welcome me "back home." I can picture each of you in my mind as you made your contribution to the purchase of the bonds.

I regret that business took me out of the State and prevented my publicly receiving the bonds at the Sidney Singing Convention as I have been told that you planned I should. I know my absence lessened the pleasure of making the presentation, but I hope that this note will show each one of you my appreciation.

Sincerely,
Sgt. Carl H. Stewart.

Mrs. Tollie Williams of Fort Worth visited in Comanche with her mother, Mrs. Mae Cameron last week.

Returns to Fort Knox

Pvt. Lloyd G. Collins has returned to Fort Knox, Kentucky, after being called here on an emergency furlough due to the illness of his wife.

Mr. Dooley, who was America's favorite humorist 40 years ago, remarked that a strike of financiers wouldn't worry anybody and that it is strange but true that the less pay a man gets for his work, the more essential it is to the world that he should keep on working. The higher up a man regards his work, Mr. Dooley said, the less it amounts to.

A practical joker is the most impractical person there is. Here's an old saying, "The Lord looks after fools and drunkards." The word "fools" includes both. Maybe that old saying is true but who looks after the families of drunkards?

A man was fumbling at the keyhole in the small hours of the morning. A policeman saw his difficulty and endeavored to be helpful.

"Can I help you to find the keyhole, sir?" he asked.

"Thanksh, ol' man," said the inebriate cheerfully. "You just hold the house still and I can managsh all right."

House Observes 23rd Anniversary In Oil Business

W. C. House, agent for Sinclair Refining Company of Comanche County, celebrated his 23rd anniversary with that company last week. It was on June 23, 1922 that Mr. House entered that business, succeeding W. W. Cox as agent. The company, one of the oldest oil corporations in Texas, was first known as The Waters Pierce Oil Company back in the early years of this century when kerosene made up the bulk of its sales.

At the time Mr. House took over the agency the company was known as the Pierce-Fordyce Company and a few years later the name was changed to the Pierce Oil Corporation. In 1930 it assumed its present name of The Sinclair Refining Company. Sinclair products are used exclusively at four Comanche stations, Mr. House points out—House's Service Station, Arthur Chevrolet, Autrey Graham's Service Station, and H. R. McMillan's Service Stations. Other stations serviced by Mr. House include: Carl Jeske & Co., Priddy; A. M. Taylor, Sidney; J. L. Nelson, Creamer; B. A. Griffin, Hasse; W. Bruner, Proctor; W. M. Johnson, De Leon; and Mrs. H. F. Lewis, Downing.

Mr. House, who is serving his third term as mayor of Comanche, was for two years city alderman before being elected mayor. He also served 6 years as a member of the Comanche School Board.

A son of the late County Judge W. T. and Mrs. House, he was graduated from Comanche High School in 1916 when R. F. Holloway was superintendent and J. B. Layne was principal. Before entering the oil business, he worked eight years with the Frisco Railway, five years at Comanche, one at Dublin and two at Brownwood.

Joe A. Jones has returned to Comanche after living on the Plains for about the past fifteen years. He has purchased 134 acres of land two miles west of Comanche.

Order Eastern Star Installs Officers

(By Mrs. V. L. Jackson)

The officers of Comanche Chapter No. 310 O.E.S. were publicly installed in a very beautiful ceremony at 8:30 p.m. May 31 at the Masonic Temple.

Mrs. Gertrude Joiner, Chairman of the Board of Directors of Grand Chapter of Benevolence, Grand Chapter of Texas O.E.S., was installing officer, assisted by Mrs. Oma Howard as Grand Installing Marshal, and Mrs. Bonnie Tucker of Brownwood Chapter No. 116 as Grand Installing Chaplain. Mrs. Peggy Hope was organist.

The officers installed were attired in evening gowns of various colors. Mrs. Eulalia Wells, the Worthy Matron, wore pink and carried a bouquet of gardenias, carnations, stephanotis and sweet peas, a gift from her children, Sgt. and Mrs. W. F. Bennett.

Bettie Lou Payne, accompanied by Carl Brumelow, very impressively sang "The Twenty-Third Psalm" in dedication to the Worthy Matron. A quartet composed of Dr. C. C. Klingman, Roland Miller, Marion Wilkerson and Roy Little sang "Star of the East."

Mrs. Oma Howard, as retiring Matron, gave a beautiful address. She was presented a Past Matron's pin, a gift from the chapter, by Mrs. Neva Pipes in a pleasing presentation speech.

Mrs. Wells addressed the members and officers in a short appropriate speech, thanking each for their co-operation and extending thanks to her installing officers and to each one who had a part in the program. A large and appreciative number enjoyed the ceremony.

Mrs. Wally Westmore and daughter, Ann Westmore of Beverly Hills, California, are visiting Mr. and Mrs. D. Charles Clarke.

Mrs. D. Chas. Clarke, Mrs. Catherine McCartney, Mrs. Wally Westmore, Miss Ann Westmore, and Mr. and Mrs. C. P. St. Clair spent Tuesday visiting Mrs. J. M. Jordan, Mrs. Clarke's and Mr. St. Clair's sister and an aunt of Mrs. Westmore, in Dublin.

Sidney Girl Wins 4-H Garden Contest

By Annie Lucy Lane, County Home Demonstration Agent

Martina Denny, 4-H Club girl from Sidney, takes the lead in the 4-H Club Girls County-Wide Garden Contest. Not only does Martina supply her family with fresh vegetables from the garden, but she has looked into the future and canned over fifty cans of food for next winter. Since she has more vegetables than she can use right now she is selling some of her vegetables and therefore is earning her spending money.

Second prize winner in the contest is Mary Louise Huddleston from Duster. This is Mary Louise's second year to be a prize winner in the county-wide contest which should give you an idea of the kind of gardener she is.

Mary Ann Barton from Sipe Springs ranks third in the contest. Although Mary Ann is only 10 years old she has a good garden.

Although this is Frances Richmond's first year in 4-H Club work, she has planted a good garden that ranks fourth among the 4-H Club gardens in the county.

Tom Cox and wife have been visiting home folks. Cox has returned to Navy duties at Norfolk, Va., and will report from there to Orange, Texas. Mrs. Cox remained here.

Mrs. Ruby Rudd was a visitor in Comanche Tuesday.

Major and Mrs. Kenneth Ory and daughter, Mary Katherine, have gone to Miami, Florida, where Major Ory will receive re-assignment.

Mr. and Mrs. Arol Thomas and son of Winslow, Arizona, are visiting his father, Elmer Thomas.

Mrs. Will Satterfield and daughters of Austin are visiting Mrs. Elmo Montgomery.

Hooper Reviews Recent Revival At Methodist Church

(By Rev. R. B. Hooper, Pastor)

The revival at the Methodist Church, conducted by Rev. G. P. Comer of Waco, closed last Sunday night at high tide and is declared by many of the old timers to be one of the greatest revivals ever held in Comanche. A great overflow crowd was in attendance Sunday night. It was estimated that there were as many people who could not get in the church as there were in the church, which was filled to the limit.

The revival was a blessing to the entire town of Comanche. The influence of the meeting reached the whole town and every business place was closed for the day services and the crowds that attended the day services were almost as large as those attending the night services. Not every one liked the style of Rev. Comer's preaching, but every one had to admit that he held up the high standard of Christian living in keeping with the Gospel of Christ.

It would be impossible to list all of the results of the revival, but to mention a few: There were 42 additions to the Methodist and Baptist churches. There were 60 heads of families that pledged themselves to erect family altars. There were 75 who pledged themselves to tithe. There was the finest and most beautiful spirit of cooperation we have ever known in Comanche, or any other place. For two weeks many people forgot what church denomination they belonged to and worked together for the building of the Kingdom of God and for the salvation of souls.

The singing and preaching of Rev. Comer captured the hearts of all of our people and the meeting goes down in the history of Comanche as one of the most talked about meetings ever held here. The singing of Rev. Comer with his own pianist, Mrs. Nan Frazier, at the piano was a most popular feature of every service. The people came early and stayed late to hear him sing. After many of the services Rev. Comer would sing songs that had been requested and large crowds would remain as long as he would sing.

Rev. Comer has a large tent and there is quite a bit of talk about having him come to Comanche and hold a great union meeting under that tent. Every one we have heard express themselves are 100% in favor of it.

LET'S SALUTE The Men and Women Fighting For Our Freedom!

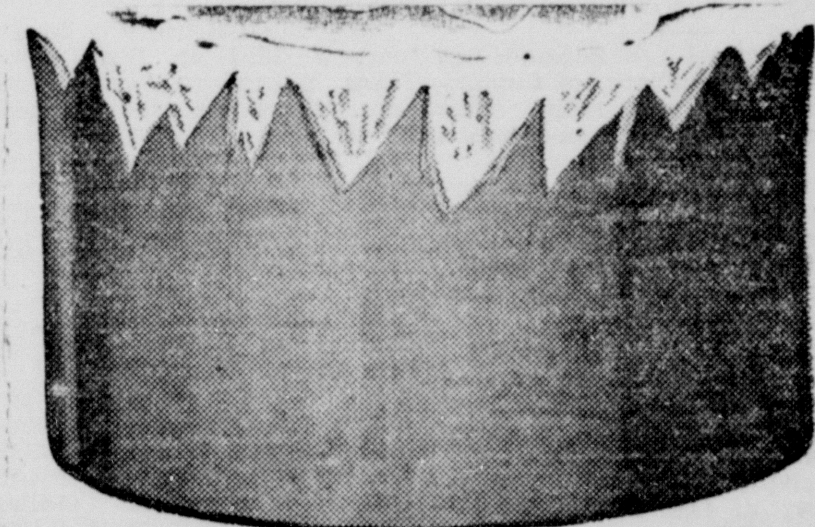

Let us dedicate INDEPENDENCE DAY this year to those who are working and fighting to preserve a way of life that was established and made available to all of us 169 years ago—who are offering their all that we may continue to celebrate INDEPENDENCE DAY, not just live through it.

Many of them were just kids around the neighborhood a short time ago—but they grew up fast, those kids. Some of them, a lot faster, than they might have, had things been different. They have taken up arms and gone out to beat back the threat to our independence. There's a fight to be won . . . and they're winning it.

We can all help them win the war more quickly and help bring them home sooner, by buying more bonds . . . bonds . . . and MORE BONDS. Any sacrifice we make at home cannot compare with what they are undergoing for us. Let's all sign a new DECLARATION OF INDEPENDENCE and buy an extra WAR BOND during this MIGHTY SEVENTH WAR LOAN!

Mrs. Mary Ellen Kearney, 87 years of age, who moved to Hamilton about a year ago from near Comanche where she had lived for over 32 years, died at her Hamilton home Wednesday evening, June 20th after a short illness.

Rev. J. E. Buttrell, pastor of the First Methodist Church of Hamilton, conducted a short service at the residence Friday afternoon, after which the remains were carried to the Indian Creek Church near Comanche where the final rites were held. Rev. H. J. Sanders of De Leon, her former pastor, assisted by Rev. R. T. Wallace of Comanche, officiated. Her body was laid to rest in the Indian Creek Cemetery, beside that of her companion who preceded her in death by about eight years. Pallbearers were her grandsons: John Nelson Kearney, Bruce Kearney, Carter Edmiston, Alfred Christainson, Clyde Marshall, and Hayes Gleaton. The many beautiful flowers were carried by her grandchildren.

Grandmother Kearney is also survived by 34 grandchildren, 34 great-grandchildren and 1 great-great-grandson; two sisters, Mrs. J. T. McGuire of Fort Worth and Mrs. Blanch Redwine of California; two brothers, J. M. Bruce and J. G. Bruce of Loraine; besides a host of relatives and friends who mourn the loss of the sweetest devoted mother and grandmother.
